Re: Additional Events-Requesting Food Trucks

Dear Mr. President and Members of the Council:

By letter dated July 14, 2016, I respectfully requested that the "Pilot Program" that has permitted mobile food trucks to be at the Farmer's Market be extended to include five specific events. Your approval of this request at the City Council Meeting on July 19, 2016 is greatly appreciated.

Various community groups that have "one day" events scheduled in upcoming months are also interested in the possibility of having food trucks participate at their events. Many of these groups are considering whether to have a food truck but, at this time, are unsure. Even so, they would like this option.

To assist these groups in planning successful events, it is my recommendation that they also be permitted to have food trucks at their one day events. They are:
