April 14, 2016

Dear Neighbor:

Today marks my 100th day in office, and I want to thank you, the citizens of Medford and City employees, who remain focused on our goals and continue to contribute to our success through transparency and accountability.

We've hit the ground running on the following key areas: economic development, public safety, revitalization of our squares, utilizing open spaces, improving citizen engagement and enhancing communication throughout the community for a more positive experience.

With your support, we've taken important steps toward delivering a more inclusive community where everyone matters. We remain engaged by attending and coordinating an unprecedented number of community meetings. Since the implementation of our transition teams, consisting of dedicated civic leaders, who have met with the community at large and within subcommittees, we have gained additional insight on essential areas necessary for change.

Thus far, I have had the pleasure of engaging with students in our schools, instilling confidence in our future leaders via a Girl Scout event, meeting many of our senior citizens throughout the City and welcoming new businesses into our community.

I invite you to explore further the work we've done over the past 100 days below. Again I thank you for placing your confidence in me and our continued efforts as we strive to be partners in progress.

Very truly yours,

Stephanie M. Burke
MAYOR
