

## **Eversource Mystic to Woburn Line Project** **Construction Update Meeting for South Street**

September 23, 2020

Dear Neighbor,

You are invited to join our Construction Update Meeting for the most up-to-date project schedule and progress information related to the ongoing work on South Street, including all associated detours on nearby side streets.

### **We're Always Working to Serve You Better**

Delivering safe, reliable energy to you is an Eversource top priority. The ongoing work is part of the Mystic to Woburn Line Project, a new 115-kilovolt (kV) underground transmission line that will connect our Woburn Substation on Pond Street in Woburn with our Mystic Substation off Alford Street in Everett. The infrastructure upgrades will improve the reliability of the electric delivery systems serving your community.

As noted in our September 14<sup>th</sup> notice, crews have been working on South Street near the Walnut Street intersection for several weeks. Crews at this location are currently excavating at a deeper depth than is typical in order to avoid existing in-street utilities. As a result, the speed of work at this location has been impacted.

For weekly updates on project work schedule and traffic detours, please refer to the Eversource project website:  
<https://www.eversource.com/content/Mystic-Woburn-Project>

### **Opportunities to Learn More**

Eversource will host a Zoom meeting on **Monday, October 5, 2020, from 6:00 – 7:30 p.m.** Project team members will share the latest project information and answer your questions. Property owners are also welcome to send questions via email to [ProjectInfo@eversource.com](mailto:ProjectInfo@eversource.com). All submitted questions will be answered during the meeting.

We hope you can join us.

### **Eversource Construction Update Meeting for South Street**

**Monday, October 5, 2020**

**6:00 – 7:30 p.m.**

**Via Zoom or Conference Call**
